香港島郊野公園

Country Parks on Hong Kong Island

香港島有近四成的土地劃為郊野公園，當中香港仔郊野公園及大潭郊野公園於一九七七年劃定，是最早成立的郊野公園，而全長50公里的港島徑則從西至東貫穿港島五個郊野公園。

港島的郊野公園可說是自然美景與都會風光對比最鮮明的郊野公園，只要站在一個較高位置俯視四周，便能看到翠綠郊野與繁華都會共冶一爐的獨特景致。公園內群峰巍峨而立，水塘怡神悅目，樹林蒼翠宜人，旖旎風光令人讚嘆不已，其中山頂、龍脊、大浪灣更是享譽盛名的郊遊景點。公園還有久遠的水塘建築、戰爭和歲月痕跡，細說出香港百多年的歷史故事，讓人懷古細味，尋幽探秘。

About 40% land of Hong Kong Island has been designated as country parks; in particular, the Aberdeen Country Park and the Tai Tam Country Park, designated in 1977, are the oldest country parks. The 50-kilometre Hong Kong Trail passes through five country parks on Hong Kong Island from west to east.

Country parks on Hong Kong Island present us the sharp contrast between natural scenery and metropolitan beauty. Looking down from above, you will feast your eyes on the unique landscape interwoven by the green countryside and the bustling city. Amazing scenes in the country parks include towering mountain peaks, pleasant reservoirs and verdant trees. Among others, the Victoria Peak, Dragon's Back and Tai Long Wan are highly acclaimed tourist attractions. Besides, time-honoured reservoir architectures, war ruins and historic sites in the parks will tell you what Hong Kong has experienced over the past century, triggering you to explore more in past memories.
